

The Connection

is a proud TANGO Partner

Services: Professional Development, Training, and Consultation

The Connection

Since its inception in 1972, The Connection has filled critical service gaps in Connecticut, working with high-risk, vulnerable, under-served populations. With a mission to inspire people to reach their fullest potential as productive and valued citizens, the Connection works to solve complex problems such as homelessness, improving child welfare, behavioral healthcare, and helping people return to their communities after incarceration.

As a nonprofit, The Connection has a unique understanding of the challenges faced by nonprofits and seeks to use that expertise to improve the social determinants of health by helping people, communities and organizations solve problems, adapt to change, and evolve. Advancing the systems that support communities promotes the health and wellbeing of the people who live there.
