## CHARITY AUCTIONS, INC.

**GSM Charity Auctions** is a well-recognized, national premier auction service, in which we coordinate over a 1,000 events a year at a **NO COST-NO RISK** basis. We work with nonprofit organizations of all sizes, to curate a complete and well- rounded silent and live auction while leaving the organization with absolutely no work on their end to help raise ample funds.

Know that GSM is on-site working for you every step of the way, whether it's our on-site staff to oversee the auction (from set-up to check-out), our incredibly dynamic and engaging live auctioneers (who are also happy to conduct a fund-a-need); or the integration and management of any items you've had donated (done at absolutely no cost). No additional work would be created for you, meaning that you and your team can continue to focus on planning the event, selling tickets, and sponsorships, without having to worry about how the auction will look and run.

We can provide you the most unique and

highly desirable items for your auction including incredible sports and entertainment memorabilia, domestic and international travel packages, highly rated sporting event experiences, fashion items and more!
