

# NFP

Formerly The Schuster Group  
is a Proud TANGO Partner

Services: Employee Benefits & Risk Management, Business Consultation, HR & Compliance

The Schuster Group's (TANGO's Founder) legacy of helping nonprofits continues, yet now as an NFP firm. After 30 years of specializing in serving the needs of nonprofits The Schuster Group has been acquired by NFP; one of the nation's largest insurance brokers. This merger of talents, resources, and experience in working with nonprofits now provides significant advantages to TANGO's membership.

We have built an employee benefits and insurance platform that offers proprietary programs from some of the nation's leading carriers and vendors, all designed to serve the unique needs of the sector.

While we are now a national organization we haven't lost the fact that we are a socially conscious business guided by the principal of "doing well by doing good." We are committed to supporting the growth of TANGO and the communities we live in on a professional and personal basis.
