

Prelude Solutions

is a proud TANGO Partner

Services: Communication Systems and Services and Consulting

Prelude Solutions performs an in-depth **FREE analysis** of your communication services and systems with the objective of reducing costs through pure savings, credits, erroneous charges and service realignment. Prelude has over 20 years' experience analyzing communication platforms and **saving our clients on average 33%** on their telecom spend using a contingency fee-based model.

As trusted advisors, Prelude is comprised of an extremely talented group of certified communications consultants, engineers, and project managers whose sole purpose is to deliver VOIP, mobility, video, data and telecom solutions with excellence to your organization. Prelude accompanies our services with data analysis for departmental reporting, budgeting, and planning.

Our mission is to help businesses optimize their processes and services through the use of our technical, analytical and unified communications consulting practices while providing exceptional customer service.

We offer all our services as a certified woman owned business.
