

THE TANGO GROUP RETIREMENT PLAN SOLUTION

A better way to offer a 401(k) plan

The TANGO Group Retirement Plan Solution is a new kind of 401(k) plan where member organizations join together to offer a high-quality retirement plan for their employees. As part of the Plan, you can take advantage of greater services yet still have the flexibility to design the features that work best for your organization.

The Plan offers a comprehensive package of services including, modern, proprietary recordkeeping, plan administration, investment management, and fiduciary support, along with participant education and guidance.

A better way to reduce work & save time

The Plan reduces your administrative and plan-investment responsibilities by turning these responsibilities over to a team of professionals who handle them for you. This will take work off your desk so that you have more time to focus on your core responsibilities with fewer distractions.

A better way to minimize risk & responsibilities

The Plan also minimizes retirement plan risk by outsourcing the fiduciary responsibilities and liabilities to the Plan partners who assume them for you. Not only will this eliminate work for you, but it will also transfer the responsibility for doing the work the right way to the Plan. You don't have to worry about failing to meet deadlines or doing things incorrectly.

A better way to reduce plan costs

By creating scale with so many participating members, the plan makes it more cost-effective to access a broader array of retirement plan services and enjoy the cost savings that come with being part of a plan that's larger in scope and scale.

TANGO Group Retirement Plan Key Advantages

- Broad range of plan services and support
- Cost savings and economies of scale
- Outsource work and complex responsibilities
- Minimize risk & liability
- Professional investment selection and monitoring
- Participant education and retirement planning guidance
